

# UTTLESFORD GREEN MANIFESTO 2023

## #GREENLOCALPLAN

### Affordable, Sustainable Housing

- Energy efficient new homes with the highest standards of insulation and renewable power systems to massively reduce energy bills
- Grants to help people insulate their homes properly so that no one has to choose between heating and eating
- Genuinely affordable homes to enable young people to invest in their futures
- Homes that create vibrant communities in the right places.

## #CLIMATECRISIS

### Treat climate crisis as the emergency it is

- Show decisive leadership in reducing greenhouse gases and encouraging sustainable lifestyles
- Restore previously high recycling rates and reduce waste
- Relentless focus on securing the lives of our children and grandchildren.

## #BETTERTRANSPORT

### Sustainable Transport

- Dependable public transport with electric buses connecting villages and railways
- Safe walking and cycling networks
- Electric car charging available to everyone by 2030
- Proper maintenance of our roads.

## #GREENECONOMY

### A Growing Green Economy

- Encouraging and supporting green local businesses
- Support for the creation of new jobs for a Green Future
- Developing Education, training and apprenticeship opportunities.

## #PROTECTNATURE

### Protecting Nature and Biodiversity

- Increase and protect wildlife habitats and corridors
- Give nature a real status in all planning decisions
- Protect our streams and rivers, reducing sewage and pollution
- Establish local nature reserves, natural green spaces and a country park
- A broadleaf tree planted for every bedroom built.

## #RENEWABLEENERGY

### Community owned Renewable Energy

- Solar panels on roofs, above car parks, in local neighbourhoods and on commercial sites to keep profits in the community
